### BUSINESS & IT DIRECTOR

(one candidate)

#### HANNAH OEGEMA

BUSINESS & IT  
DIRECTOR

Hi, my name is Hannah Oegema I am currently a 3rd year accounting student in the FBIT faculty with a passion for the Ontario Tech community. Through my involvement in the Business and IT Society, the Accounting Association, Women in Business and additional extracurricular involvement, I have gained a thorough insight into the inner workings of the university.

Throughout my time in university, I have developed a love for leadership and a desire to improve the student experience. My goal is to bring a student first mindset to the Board while providing strategic input to the Student Union. Some of my focuses would be on student recruitment, faculty and student communication, and engaging but rewarding student-focused events.

### GRADUATE STUDIES DIRECTOR

(one candidate)

#### PARAG PATEL

GRADUATE STUDIES  
DIRECTOR

Hello Ridgebacks,

My name is Parag Patel. I am enrolled at OTU in Meng Engineering Management. After completing graduation from INDIA in 2015, I have been working in Multinational Engineering Company. I have experience in engineering, project management and leadership roles.

In OTSU elections, I am going to nominate myself for Director-Graduate Studies position. If I would be elected for said position, my prime motto would be:

- To fill the gap between students and university
- Establishing policies to enhance transparency
- Creating more employment opportunities

Having managerial experience and your support, I am confident that I am the right candidate to seat and serve from the Board of Director chair at OTSU.

### SOCIAL SCIENCE & HUMANITIES DIRECTOR

(one candidate)

#### SAMANTHA BROWN

SOCIAL SCIENCE &  
HUMANITIES DIRECTOR

Hi, my name is Samantha Brown (she/her) and I'm in my second year of the Legal Studies Program with a Specialization in Information Law! I am running in this election to represent the student body at the Downtown Campus. I believe that I will bring a new perspective to the Board of Directors as I have had the opportunity to network with leaders in our community through the positions I've held. I'm the current President of the Ontario Tech Humanities Society, Vice President of the BIPOC Club, Ambassador, Peer Leader, International Orientation Leader, and a Peer Mentorship Assistant in the Student Life Department. Given the virtual environment, I hope to further support student rights and services to build a better campus community.

# DECIDE

## [ WHO WILL GET YOUR VOTE ]

### PRESIDENT (three candidates)

#### AHMAD MASOOD

PRESIDENT

I've been at Ontario Tech U for almost 3 years now, I transferred here previously from a different University and I can say with all my heart that Ontario Tech U is a great school to be at, but at the same time there are a lot of issues that I have with the school that just seem to never be solved. My goal by running for president this year is to try and make a change for us as students. Typically no one really hears our concerns and actually tries to do anything about it. If given the opportunity to become president, my goal is to try and solve any issues we have as students and attempt to make the following year as smooth for us as possible. Feel free to contact me if you ever have any concerns and opinions that you'd like to be heard.

#### AMRUTHA ELANKO

PRESIDENT

My name is Amrutha, and I'm running to be your next OTSU President. Throughout my 3 years of being a student at OTU, I have been privileged to listen to students' needs through various positions that I've held, which include being an Ambassador, Senior Peer Leader, President of the Health Science Society and an executive for multiple clubs on campus. OTU has given me so much throughout my undergraduate years, and now it's my turn to give back by enhancing and implementing services, advocating for your needs, and bettering your student experience through unique and more improved events and initiatives. It's time for us to unite, and work together to elevate our ridgeback pride and to be placed on the map. Join me, and we can #movewithchange

#### JOSHUA SANKARLAL

PRESIDENT

Hi! My name is Joshua Sankarlal and I am in my fourth year of Game Development. I have been the President of the Game Development Students Association for two years and the VP of IT on BITSoc. I love the Clubs system, they provide student leaders with the unique opportunity to reach out to their members and build strong, close communities. I would love the opportunity to make this system stronger by providing leaders with training to help make their communities the best they can be. Through these experiences, I've noticed that students feel like their problems are insurmountable. My platform would focus on empowering students by making obvious what their rights are, and the various ways they can advocate for themselves, across the school.
