Individual Directors are expected to attend monthly board meetings and vote on decisions that will affect all Ontario Tech students.

- 8.3.4 Should this vote also result in a tie, the Elections Committee will determine the winner, to be approved by the Board.

9. **NON-COMPLIANCE IMPLICATIONS**

9.1 **Reporting Violations**

A complaint shall be prepared and signed by the complainant(s) using the Campaign Violation Form. All incidents of violence shall be immediately reported to Campus Security. The complaint shall summarize the details of the alleged violation, and provide relevant evidence. The information so provided will be held in confidence in so far as it can be allowed by the process.

Candidates shall avoid making frivolous or vexatious complaints. Complaints against a candidate are permitted up to 24 hours after the close of Voting Period. Election results will not be published until all campaign violation reports have been resolved and will not be published for at least 24 hours after the close of the voting period.

The election results are not, in themselves, subject to appeal.

9.2 **Investigation of Complaints**

Upon receipt of a complaint, the CRO will investigate the matter and effect a timely and appropriate response. As part of this review, the CRO may interview the complainant and the candidate whose conduct is being questioned as well as any witnesses to the incident. The candidate whose conduct is being questioned shall be advised of the details of the complaint and be given the opportunity to respond. They shall not be present when the CRO interviews the complainant and any witnesses.

The CRO may decide that the complaint is frivolous or vexatious on its face and therefore there is no basis to proceed further with the complaint.

On completion of an investigation, the CRO shall provide the candidate whose conduct is in question with a written summary of the complaint and the details of the investigation, along with any penalties.

9.3 **Resolution of Complaints**

The CRO shall evaluate the merits of a reported violation and decide within 24 hours of the end of the investigation. The CRO shall base their decision on a balance of probabilities: one party's case need only be more probable than the other. In the occurrence that the evidence is evenly balanced (or no evidence has been provided) the CRO shall rule on behalf of the candidate whose conduct is being questioned. The burden of proof is with the complainant.

Where the CRO finds there has been a violation of the Nomination and Elections Policy by a Candidate or a Campaign Delegate, the CRO may impose a penalty or instruct the candidate to comply with a course of action to resolve the complaint.

9.4 Transparency Surrounding Campaign Violation Form Submissions and Decisions

Campaign Violation Forms and the resulting Decisions on such violations shall be published on the OTSU Elections webpage. The nature of the decision (i.e., whether or not evidence for the complaint met the standard of proof) will feature prominently wherever the campaign violation is cited. Campaign Violation Forms, supporting evidence, and/or Decisions may be redacted by the CRO before publishing to ensure confidentiality regarding people involved in the case. Names of candidates and/or their delegates, however, shall not be redacted

9.5 Penalties for Violations

The CRO may impose the following penalties to any Candidate who has been found to have committed a campaign violation:

- 9.5.1 Assign a demerit point penalty up to the maximum for a given violation;
- 9.5.2 Assign multiple penalties where the violation encompasses more than one offence;
- 9.5.3 Disqualify a Candidate; or
- 9.5.4 Declare that an election of a Candidate be ruled void.
