

Presidential Candidates

Eloghosa Avenbuan 

President Candidate

Candidate Platform

Hello! My name is Eloghosa Avenbuan, a final-year Biological Sciences student running for OTSU President. Throughout my time at Ontario Tech, I have had a long-standing involvement with the OTSU. Being a part of this union for 4 years, I have established meaningful connections with staff members and taken part in various roles, such as Customer Service Rep, EDI Facilitator, and VP Student Life in 2023. Additionally, I am the President of the Ontario Tech Science Council. These positions all aided in producing certain skills that will enable me to effectively serve as your next president. As president, my goal is to enhance support for students by creating more scholarships, as well as increasing job and volunteer opportunities.

Hariharan Chithra 

President Candidate

Candidate Platform

Hey everyone! I'm Hari, a 4th year Game Development Student. My experiences at this University were likely similar to all of yours, struggling through coursework, engaging with my peers, and getting involved with the club or two, as an executive or a member. Having served as a Club Executive since 2022, I've had my fair share of experiences with how the running of the OTSU affects us students. I would love the opportunity to work on empowering Student voices in the running of the Union, and fulfill your needs, whether as Students or Club Execs. My platform is focussed on representing all of your voices, to foster a better relationship between the faculty and the OTSU, and help protect and improve essential services used by us all.
