

VP Student Life Candidates

Tuirani Kerfelec 

Vice President of Student Life Candidate

Candidate Platform

Hello! I'm Tuirani, a third-year Biomedical Science student, running for OTSU's VP Student Life. As an International Student Leader and VP Student Life for the Science Council, I've honed leadership, problem-solving, student engagement, and event-planning skills. Co-founding a hospitality venture strengthened my business management, budgeting, and strategic planning abilities-crucial for contributing to OTSU. I'm passionate about tackling basic necessity insecurity, building trust between students and the union, and expanding career opportunities. Let's collaborate to create a vibrant, supportive campus for all!

Michael Wilson 

Vice President of Student Life Candidate

Candidate Platform

I'm Michael Wilson, and I'm running for VP Student Life to redefine student engagement at Ontario Tech. Leadership is my passion-I've built strong connections through Taekwondo, student organizations, and event planning. My vision: transparent communication, stronger club funding, and leadership training that actually prepares students. I'll launch initiatives like the "Empower You" conference and Leadership Link-Up to foster collaboration and student growth. By bridging the gap between students and OTSU, I'll ensure your voice is heard. Vote for me, and let's make student life dynamic, inclusive, and impactful!
